

## RESUME

## RESUME

My name is Megan Pennicuik (aka Mego).

I am an emerging artist; having recently obtained a Diploma in Visual Arts followed by an Advanced Diploma in "Creative Product Development"; both of which were studied at the Frankston campus of Chisholm Institute. As such, my CV is limited; comprising mainly inclusion into group exhibitions organised by the staff at the college although I did co-ordinate the printmaking exhibition/ auction: held at B'artiste to co-incide with the International printmaking festival of 2011 and to raise funds towards "Holly's Wheels"; to provide a custom built wheel chair for a little girl suffering a congenital condition impairing the use of her spine. In the same year I held an exhibition "How Art Thou" which I shared with my art group; "Anaharta" - I took 50% of the exhibition space and the group shared the other 50%. The reason for this was that we, as a group could not find an exhibition space in which to showcase the year's work which I thought a shame and so included everyone into mine. In this exhibition I showcased in 4 disciplines; painting, drawing, printmaking and sculpture. I also took part in the Oakhill printmaking exhibition of that year supplying 3 prints (framed) and a portfolio
