

Hjördis Thelander, artist, illustrator, designer

Self-employed advertising designer, illustrator, journalist and photographer.

As an artist -painter and cartoonist I have participated in a number of jury-evaluated exhibitions and about 50 other exhibitions, many of them are solo exhibitions.

Over the last 15 years, I've been teaching "The principles and techniques of Vedic Art", mostly at The Scandinavian Ayurveda Academy in Stockholm, Sweden.

I love color, space and contrasts of light and darkness. Soft movements and distinct lines characterize my art.
