

## Hans Van Weerd - Artist CV

I am a Dutch-born Melbourne-based contemporary visual artist. I sketch, I draw and I paint. I am fascinated by people and what makes them the individual persons they are. I am equally eager to depict the man-made world and -being a biologist by training- the natural world. I am a signatory member of the Victorian Artists' Society and a member of the Hawthorn and the Hobsons Bay Artist Societies, all in Melbourne.
